Hi Gerald,

We would be happy to meet with the applicant. Should I reach out to Alfred or is there someone else that you have been working with?

Heather,

Would you and your team be open to giving an audience to the Applicant's representatives who have expressed a desire to further discuss technical and legal issues related to the General Plan Amendment, FAR issue, CEQA and related matters?

As I mentioned earlier, I did convey the key points we discussed relative to the challenges of initiating an increase in FAR beyond the limitations allowable in the Community Plan and General Plan Framework. The Applicant's representatives would like an opportunity to comment on those points with you and DCP staff, if possible.

Ugh I may have spoken prematurely. Received a message from applicant's representative stating the applicant had further questions and comments (on DCP's concerns and challenges initiating a request to consider the additional FAR). I will give them an audience. Yes we may wish to tag base prior to DCP releasing the Initial Study. Gerald.

Got it. We will be releasing the initial study in the near future so it might be helpful for us to have a phone conversation prior to the release of the initial study to ensure that we are all on the same page. I will have Johnny and Milena reach out to you as we get closer to the release date.

Talk to you soon.

Heather

Hello Heather -

Thanks for following up on this matter. I appreciate the "Talking Points" you provided which were useful and which I did use to engage the Applicant to "close the loop".

So no additional info needed at this time but will connect if needed. 👍

Hello Heather,

Thanks for DCP's feedback on entitlement requests related to the above-referenced site. Per our conversation, DCP was going to draft a list of key issues and concerns related to FAR. Please forward when completed at your earliest convenience so our office can help provide feedback and close the loop with the applicant.

Thanks in advance,

Gerald
